REGARDING RESUMING OF PHYSICAL CLASSES

The Government of Puducherry proposes to open schools in the middle of January. After the official circular is issued we will let students physically attend classes gradually and in a staggered manner keeping in mind the safety of all concerned. During the intermediate stage online classes may continue if required.

Students returning to Pondicherry will be allowed in SAICE premises only after a period of two weeks of continuous stay in Pondicherry after their parents / guardians have registered their arrival at the School Office. During this two-week period, if physical classes have started, there may be no online classes. Please bear this in mind while planning your return.

Returning students who will be joining boarding need to make their own arrangements for stay during this two-week period.

Parents/guardians should note that before their ward can attend physical classes and physical education activities, a parental consent form must be submitted to the School Office.

An additional parental consent form will have to be submitted for students living in boarding.

These forms are mandatory for all students, whether already in town or coming from any other state or country. The forms can be downloaded from SAICE website.
